NARRATIVE:

On January 11, 2022, at about 1:19 PM, I, Deputy Ranell Rosa #134 was radio dispatched to the Starr County Memorial Hospital in reference to an incident.

Upon arrival I met with Rio Grande City Police Department Investigator Roy Pena who briefed me on the ongoing incident in question. I later spoke with the Starr County Memorial Hospital charge nurse Martha Torres (956-534-4215). Martha stated she wishes to document a report in regards to Texas abortion restriction law (SB 8). Marth stated that on 01/07/2022 (evening hours), a female by the name of Lizelle Herrera (DOB: 12/07/1995) arrived at the aforementioned hospital, and stated she was about twenty weeks pregnant. Lizelle stated she felt pain in her abdomen, upon further examination, the physician discovered what appeared to be pill residue. Lizelle later stated to the physician she had inserted an unknown pill into her vaginal cavity, which she purchased in the country of Mexico, in effort to induce the labor of the unborn child. Lizelle stated she induced labor with the foreign substance (pill) after a verbal argument ensued between her, and Ismael Herrera (Spouse). The physician was able to intervene, and successfully stop the medically induced labor pursued on Lizelle's behalf. Before Lizelle was discharged at about noon on 01/08/2022, the unborn child that was later classified as "Boy Herrera" had a steady heartbeat. Lizelle returned to the hospital, in the later hours of the same day with Boy Herrera partially protruding from her vaginal cavity. For Lizelle's safety, the physician conducted an emergency surgery to remove Boy Herrera from Lizelle's person.

I was informed by Martha Torres, Lizelle had three other children of her own at her residence located at 30 Robin Drive. Child Protective Services (CPS) was later contacted, and informed of the situation. I spoke with CPS case-worker Megan (ID: 5211), who provided me with reference number: 75851761.
